

GATEWAY SCHOOL

ACCESSIBILITY PLAN SEPT 2016 – AUG 2019

Overall Aim

To ensure Gateway School is able to remain an inclusive school and that there is the opportunity for equality of access and opportunity for all pupils. We are aiming to make 'reasonable adjustments' to ensure students with disabilities or learning difficulties are not discriminated against or placed at substantial disadvantage in those areas of school life that are normally accessible to the whole pupil body.

To make staff aware of the implications of the definition of disability in the Equality Act 'A physical or mental impairment which has substantial and long term adverse impact on a person's ability to carry out normal everyday activities'

Our plan aims to:

Increase access for disabled pupils to the school curriculum. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits.

Improve the physical environment of the school. This covers improvements to the physical environment of the school to increase the extent to which disabled pupils are able to take advantage of the education, benefits, facilities and services offered by Gateway School.

Improve the delivery of information to disabled pupils. Much has been achieved to improve the access to the curriculum for pupils with specific learning difficulties such as dyslexia. Further planning is required to enable Gateway School to accommodate potential pupils with other disabilities. Plans will need to adopt a practical approach and take account of the specific disability - details will vary on a case by case basis.

Our statutory responsibilities:

Gateway School makes these accessibility plans available to all interested parties on request.

Our plan is to increase over time, or when need arises, the accessibility of the school for disabled pupils and implement the plans that are outlined in this document.

Equal Opportunities

We welcome children from many different ethnic and racial groups, backgrounds and creeds. Human rights and freedoms are respected but must be balanced with the lawful needs and rules of our school community and the rights and freedoms of others. The School is committed to being an Equal Opportunities Education provider and is committed to equality of opportunity for all members of the school community. The school recognises and accepts its responsibilities under the law, in line with the 1976 Race Relations Act and in line with the Equality Act 2010; all candidates for admission will be treated equally, irrespective of their, or their parents' age, gender, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race or ethnicity, language, religion or belief, national or social origin, sexual orientation, property, birth or other status. We expect all of our pupils to attend all assemblies and outings, and to take full part in all Religious Education, and Learning for Life lessons.

Accessibility Plan 2016 - 2019

PHYSICAL ENVIRONMENT

To improve the physical environment of the school in order to increase the extent to which disabled pupils are able to take advantage of education and associated services offered by the school

Target / Objective	Actions	Lead	Cost	Timescale/ Deadline	Desired Outcome	Evaluation / Completed
Investigate the possibility of installing lifts or stair lifts in the main house	Arrange for a visit from a disability expert to assess possibilities	Bursar	£££	During 2017/18	To enable better access to upstairs classrooms	Not allowed due to restrictions on the listed building
Ensure all emergency and evacuation systems are set up to inform ALL pupils, including pupils with SEN and disability; including alarms with both visual and auditory components?
