

## **Profile for Tanya Njeim, LSA**

### **What attracted you to the role at Gateway?**

The sense of a loving community and celebrating the individual abilities and talents of each child, makes Gateway unique and stand out from the rest of the schools.

### **What skills and experience can you bring to Gateway?**

I have worked with children for eight years, supporting and extending their development through exciting and challenging sessions. My experience has enabled me to adapt quickly to new situations. I am very organised and know how to think on the spot and adapt plans in order to meet the needs of each individual.

### **What's the best thing about being a learning support assistant?**

The best thing about being a Learning Support Assistant is working in partnership with the class teacher by planning effectively and providing the best support for the children. In doing so, children grow and blossom into unique individual flowers through the support, love and care of an LSA.

### **What do you enjoy doing in your spare time?**

I am a very creative person, I enjoy drama and arts and crafts. In my spare time I like to be active and regularly attend my local gym.
